

# Well 6104/21-2

## Reports

1. Ichron. A Biostratigraphical Evaluation of additional infill samples from Wells 6104/21-2, 6104/21-2 T2 and 6104/21-2 T3, (Brugdan II Prospect), Faroese Continental Shelf. March 2015.
2. Ichron. A Biostratigraphical Evaluation of Well 6104/21-2 T2 and 6104/21-2 T3, (Brugdan II Prospect), Faroese Continental Shelf. November 2014.
3. Schlumberger - Geoservice. FLAIR End Of Well Report. October 2014.
4. Bell. Well 6104/21-2 (Brugdan 2) Lithostratigraphy of the sub-volcanic interval T2 & T3: 4100m – TD. October 2014.
5. Survey Report – Geographic. September 2014
6. Final Well Report - Well 6104-21-2, re-entry. May 2015
7. Lithology Plus – End of Well Report. May 2014
8. Schlumberger - Geoservice. Final Well Report, Well 6104-21-2. May 2013.
9. Schlumberger - Geoservice. Final Well Report, Well 6014-21-2, re-entry, July 2014.
