

# Well Vestmanna-1

## Reports

### Reports done only on Vestmanna-1 before the re-logging of Vestmanna-1

1. DGU. Addendum to geological well completion report. 1983.
2. DGU. Geological Well Completion Report. 1983.
3. GEUS. Laboratory Core Scanning and Wireline Well Logging on Well Westmanna-1, Faeroe Islands. 2001.

### Reports conducted after the drilling of Glyvursnes-1 and re-logging of Vestmanna-1 in 2002. These reports are also included under the Glyvursnes-1 report list.

4. Robertson Geologging Limited. Geophysical logging of Glyvursnes and Vestmanna Borehole Faroe Islands, DK. Vol I Glyvursnes-1.
5. GEUS. Preliminary analysis of ultrasonic and geochemical properties of core samples from Glyvursnes-1 and Vestmanna-1, Faroe Islands.2005
6. Preliminary processing of the seismic data acquired in the vicinity of wells Glyvursnes-1 and Vestmanna-1.
7. GEUS. Rock physics analysis of sonic velocities in wells Lopra-1, Glyvursnes-1 and Vestmanna-1. 2005.
8. GEUS. Special Core Analysis for the SeiFaBa Project. Ultrasonic velocity measurements on plug samples from the Vestmanna-1 and Glyvursnes-1 wells, faroe Islands. 2005.
9. GEUS. Robertson Geologging Limited. Well completion report, Glyvursnes-1 and Vestmanna-1, Faroe Islands. 2005.
10. Robertson Geologging Limited. Geophysical borehole logging.
